ABOUT.PSD

I am an experienced designer with more than 14 years of proven background in design industry, from conceptualising to development of key visual, branding, website design and packaging for many of the global leading agencies.

During my past 3 years of job, I have worked on event campaign for major clients such as Adidas, Google, Facebook, OCBC, HP, HPE, IMDA, JW Marriott, National Gallery Singapore and have been recognised for my work.

I love to collaborate with people, teams, and businesses to develop design systems, strategies, and processes to do better and more interesting creative work.
